

Keystone Pavers – 16 x 24 Sandblasted

Keystone Pavers – 16×24 Sandblasted Pavers feature a large-format design that is perfect for creating sleek, sophisticated hardscapes in large outdoor and indoor

areas. These versatile pavers provide a modern aesthetic while offering exceptional durability, making them ideal for expansive patios, driveways, and even indoor flooring.

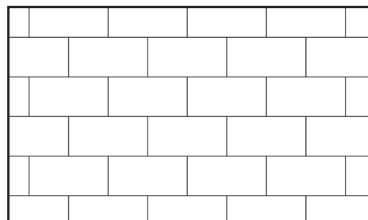

Large-Format Design: The 16×24 size is perfect for larger areas such as expansive patios, driveways, and walkways, as well as indoor flooring in spacious entryways or open-plan living areas.

Sandblasted Finish: The sandblasted texture offers a unique, non-slip surface that enhances both the beauty and functionality of your outdoor and indoor spaces, ensuring safety and aesthetic appeal.
