

Old Castle Pavers – Noon Porcelain Plank

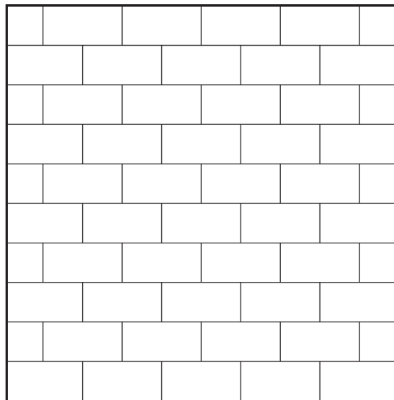

Noon combines the warmth of natural wood with the elegance of glossy wood, incorporating technical properties of porcelain stoneware.

- Incredibly high breakage loads, up to 3,000 pounds.
- High density, ultra-low absorption rate creates a tight surface texture and minimizes staining.
- Withstands temperatures ranging from -51.1° to + 60°C (-60°F to +140°F).

As shown in showroom.
